Public and Mail Auction Sale

April 20-21, 1979

Frank and Laurese Katen

Our 40th Anniversary Year

TERMS OF SALE

1. This sale is an unrestricted Public Auction and Mail Bid Sale. All bids are to be entered by lot as numbered in this catalogue. Mail Bidders should feel free to bid as much as they wish knowing that we will buy the lot, if possible, below their bid. Thousands of bidders to K ATEN SALES can attest to this statement.
2. Prices given following lots are estimates of today's market, and only intended as a guide. You may bid higher or lower as you wish.
3. Auction Sales are not approval sales. By submitting your bids you agree to the Terms of Sale herewith set forth. No lot may be returned without written permission, and request must be made within three days after receipt of material.
4. No commission, service charge or other extras will be made for executing your bids. Only the actual cost of mailing and insurance will be made. On books we charge \$2.00 handling fee for packing and processing up to 10 books; each additional book 10¢.
5. Bidders unknown to us must furnish references two weeks before the sale date or send a deposit equal to 25% of their bids. Bids will not be executed unless this is followed.
6. Sales are strictly for cash in U.S. Funds (unless other arrangements have been made). Payment must be made immediately upon receipt of notification or delivery.
7. All books are as described. The actual title in a foreign language is given - the cataloguer interprets the title and is in parenthesis.
8. We acknowledge the possibility of errors or typographical mistakes, and any errors or mistakes on our part will be corrected. Please be careful in placing your bids, as we cannot be responsible for your errors. We instituted the duplicate bid sheet 30 years ago for your protection.
9. Please allow at least three weeks for delivery of lots as this sale of such great magnitude requires much time for careful checking and packing.
10. A list of PRICES REALIZED will be published about two weeks after the sale. By marking your bid sheet or ordering before the sale date, the price is \$2.00. This catalogue and price list could prove to be a worthwhile bibliography of numismatic books at today's market.
11. Lots delivered in the State of Maryland are subject to 5% Sales Tax, and will be added to the invoice.

ALL MATERIAL IN THIS SALE WILL BE AVAILABLE FOR INSPECTION

FRANK and LAURESE KATEN wish to express their thanks to the Maryland State Numismatic Association in being selected for the second year in a row to conduct this Auction Sale at their 7th Annual Convention.

- 0 -

The Maryland State Numismatic Association was founded as a non-profit corporation in 1972 largely through the efforts of Mr. John B. Henry. Its original purpose was to unite the many clubs as well as individuals throughout the State of Maryland and to increase awareness and knowledge in numismatics in the state. In the seven years since its founding M.S.N.A. has accomplished this, plus adding the Kent Club of Delaware and individual members from all over the U. S. and Canada.

A quarterly publication, "The Maryland Numismatist" containing both M.S.N.A. and individual club news in addition to various numismatic articles is distributed without cost to each member. An Educational Seminar is held each year on the first Sunday in November and we have been privileged to hear from some of the most knowledgeable and foremost numismatists in the country.

A yearly Convention combining Educational Seminars, Exhibits, Special Interest Meetings, Bourse and Auction is held in the Spring of the year. Every other year the Convention is held in the Baltimore area and in alternate years other areas of the state. Each convention is co-sponsored by a local club who assumes a portion of the work associated with the Convention. This year's host is the PRINCE GEORGES COUNTY COIN CLUB and its President, Joe Clark.

M.S.N.A. dues are \$4.00 per year for individuals, \$10.00 yearly for clubs. We extend an invitation for all to join M.S.N.A. For more details please write M.S.N.A., POB 6533, Sparrows Point, Md. 21219.

NEXT SALE, NO. 51SEPT. 28-29, 1979 - CONSIGNMENTS SOLICITED

GREETINGS!

The best laid plans of men and mice.

We had great plans for Sale No. 50 - our fortieth anniversary as a professional numismatist. Our storage area was bulging with consignments from 24 collectors and dealers.

However -

The second largest blizzard in Metropolitan Washington history interfered. Expecting a large snow-fall that Sunday evening, I decided to clear the snow from our second car and re-allocate it on the double width circular driveway. Every thing went smoothly in backing out the car about ten feet. Getting out to survey the result prooved my undoing. My booted right foot landed on smooth ice with the result that my left side hit the pavement and I fractured my hip.

A good samaritan saw my fall and could see I was unable to get up. He turned around and came up the driveway. He and Laurese helped me get up, into a car and off to the hospital. The blizzard which came on schedule prevented my being operated on the next day as a crew could not be assembled. Tuesday I was fitted with a four by five plate and told to start therapy. After 16 days, given a pair of crutches, a walker and some pills I was sent home. I realized how lucky I was when I saw a patient with four inch stubs below the knees. So, Harry, I join the crutches club for a couple of months.

My apologies to consignors to this sale whose material did not get in or whose consignment was curtailed. All of the material will be included in Sale No. 51 to be held in September 1979.

On the bright side - a new cataloguer is born. My helpmeet, partner, lover, attendant, etc. wrote some of the catalogue - her first. So should some errors be found - descriptions not up to par, etc., please be understanding. As always we stand behind our mistakes.

Frank and Laurese Katen

The A. N. A. Convention, Montreal, August 9-14

With a splendid program arranged for the entertainment of visitors, a spirited contest for several of the important offices, and the fact that it will be held during the popular vacation season, the convention of the American Numismatic Association in Montreal the week of August 9-14 promises to be the most interesting and profitable session ever held by the Association.

One of Montreal's characteristics is her historic richness. The numismatic side of her history, as well as Canada in general, has attracted many students, a number of whom live beyond her borders. Montreal has probably more active coin collectors than any city of its size on the American continent, and in recent months the Association has had many accessions to membership from that city.

HEADQUARTERS OF THE MONTREAL CONVENTION

American Numismatic Association

As this will be the first A. N. A. convention to be held on Canadian soil, the committee in charge is anxious to show the members that in order to be a success a convention does not necessarily have to be held in the United States. This committee is composed of Second Vice-President P. O. Tremblay, Mr. Ludger Gravel and Mr. James Reid, and for several months they have been at work arranging for the entertainment of the visitors. The official program has recently been announced, and it offers so many attractions that the attendance will no doubt break all previous records.

St. Lawrence Hall has been selected as Convention headquarters. This hotel is centrally located, near the postoffice and other public buildings. The rates are \$1 a day and up, European plan; \$2.50 a day and up, American plan. The Windsor, European plan only, \$2 a day and up, is also recommended to the members.

With The Editor

The Sale Catalogue as a Book of Reference

One of the most prominent British numismatists (Mr. W. J. Andrews, F. S. A.) says that "few numismatic works are so widely read as the Sales Catalogues of our great collections, and their general information and accuracy has converted them into books of reference."

There is a reason for this. A catalogue of any fairly complete series, the collecting of which has taken up years of an advanced collectors' life, contains a mass of detailed information of the greatest value to all, more especially to the young collector. A study of such catalogues is instructive and educational, and especially so when the list of prices realized for each lot is found in it. There is no better investment than the purchase of these lists; they show what advanced and experienced collectors are willing to pay for the coin you want. The collector who secured that piece based his bid on an experience of many years. You have the benefit of his experience and years of study by merely securing a copy of the list. No real up-to-date collector can afford to do without it.
